# Crime Stats on APD's Website

APD makes criminal report information available on our website: www.ashlandpolice.us. You can go to the webpage, double-click on "Statistics" and a map of the town will appear at the bottom of the page.

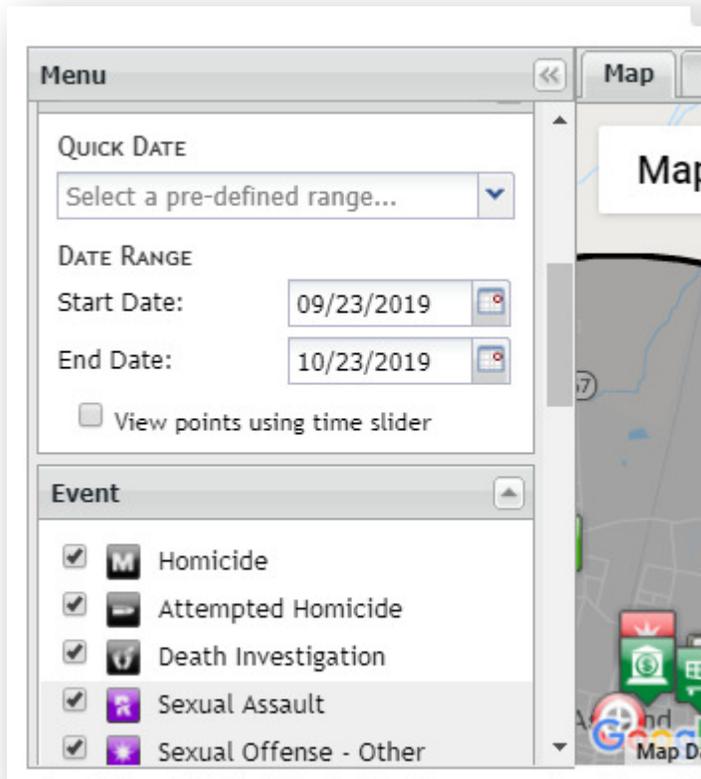

You can choose different filters, including type of crime (event) and date range:

Click on the   symbol on the top left side of the map.

A drop-down list will appear:

Choose the filters you want to apply, and the map will display your selections.

This is a great tool for us to communicate crime information to residents quickly and easily. If you have any questions about any incidents on the map, please call 412-0615 or email cwatts@ashlandpolice.us.
